Representing the Following Quality Lines:

	Aria Filtra provides membrane-based water filtration solutions
	aquarius: Fine/Coarse Bubble Aeration.
	Evoqua: Transforming water with technologies like Activated Carbon, Aeration and Mixing, Anaerobic Digestion, Biological Treatment, Biosolids Treatment, Clarification and Separation, Dewatering, Disinfection, Electrochemical, Membrane Filtration, Wastewater Filtration, Intake, Odor Control, Physical Chemical Treatment. Heritage lines including: Envirex, JetTech, Davco, RJ Environmental, Cambridge Water Technology, Davis, Lyco, PFT, Westates
	Hallsten: Aluminum Covers for air tight containment of gas emissions.
	Hydro Gate: Slide Gates, Pull Gates, Weir Gates, Stop Logs, Bulkhead Gates, Radial Gates, Roller Gates, Flap Gates, Butterfly Gates, Lifts.
	Komline-Sanderson: Biosolids Dryer, Sludge Dryer, Paddle Dryer/Processor, Belt Filter Press, Gravity Belt Thickener, Rotary Drum Vacuum Filter, Horizontal Vacuum Filter, Rotary Atomizer, Plunger Pump, DAF
	Kusters Water: Headworks, Screening, and Softening Basins
	Moyno: Progressing Cavity Pumps, Mag-Drive Pumps, Cake Pumps, Multiphase Pumps, Mine Dewatering Packages, Sanitary Pumps, Munchers, Grinders, Screens.
	OTI - Olympus Technologies: Digester Covers, Digester Mixers, Heat Exchangers.
	Pall: Clean Water Membrane Filtration.
	Rebuild-it Services Group: Replacement Parts and Rebuilding for Clarifiers, Thickeners, Reactor Clarifiers, Drum Filters, Aeration Gearboxes, Trickling Filters, Sand Filters.
	Fluence, formerly RWL Water: Aeration, Mixing, Packaged Plants, Ultrapure Water, Disinfection, Demineralization, Arsenic Removal, Activated Carbon Filters, Desalination.
	Roberts Filter Group: Clean Water Underdrains, Filtration Systems
	Sodimate: Bulk handling and processing equipment for Water Treatment and Municipal Wastewater.

Summit Pumps: The Summit 2196 pump is advertised as a Form, Fit, and Function (FFF) drop-in replacement for the Goulds 3196 pump. Multiple pump suppliers confirm that the Summit 2196 is dimensionally and functionally interchangeable with the Goulds 3196, and replacement parts are also compatible. Advantages are drop-in replacement, shorter lead times, parts in stock at Summit and costless than the Goulds 3196

Vaughan: Chopper Pumps, Screw Centrifugal Pumps, Rotamix Mechanical Mixing System.

Warminster Fiberglass: Algae Control Launder Covers, Consoles, Density Current Baffles, Finger Weirs, Flumes, Gates, Metering Manholes, Odor Control Launder Covers, Shelters, Troughs, Weir Plates, and Scum Baffles.

Floway Pumps: NSF Rated Vertical Turbine Pumps
